

# Happy Holidays

from Morris Models

*Round bristling engines on beefy taildraggers  
Old Beechcraft biplanes with negative staggers  
Strong stable tailwinds when all nature sings  
These are a few of my favorite things ...*

## BLACK FRIDAY ALL NOVEMBER

# 20%

All of our in-stock engine model kits are 20% off for the entire month of November. This discount is automatically added to any order placed during the month of November, and is good for in-stock items only while supplies last.

*and add an extra*

## 10% Customer Loyalty Bonus!

Use the code **"Extra10"** during checkout for an extra 10% off any of our products during the month of November. This includes made to order kits like our double and triple sizes. As always, please contact us before ordering made-to-order items or backordered items. If you have this email, you qualify!

### Beware of the Grinch!

The "experts" are telling us to order Christmas gifts early this year or risk not being able to get find what you want. As of now, Morris Models has *at least some* of each of our kits in stock and ready to ship. Due to global transportation issues, we ask that you order by the end of November to ensure delivery by Christmas.
