

An Antique Aviator's Favorite Things

Round bristling engines on beefy taildraggers
Old Beechcraft biplanes with negative staggers
Sharp trailing edges to which no air clings
These are a few of my favorite things

Long lit approaches on cold crystal evenings
Puffy cloud islands between scattered ceilings
Strong stable tailwinds when all nature sings
These are a few of my favorite things

Gaudy red triplanes, good weather for flying,
Jet fuel burning if I am not buying.
If it's in annual: if it has wings
These are a few of my favorite things.

When the AD bites - When the SB stings - When I am feeling sad
I simply remember my favorite things - Then I don't feel so bad...
